## EDUCATION

---

### Purdue University

Major in UX Design, Bachelor of Science  
GPA - 3.61

West Lafayette, IN  
Graduated May 2025

## EXPERIENCE

---

### Racquet Set Go

Operations Assistant (May 2025 - October 2025) | Associate Design Program Manager

Hybrid  
May 2025 – Present

- Leading redesign of company website on Google Sites, improving clarity and engagement while reflecting organizational mission.
- Partnering with C-level stakeholders to streamline administrative processes, improve workflow, and align leadership priorities with daily operations using Trello.
- Managing a team of 3 coaches, overseeing scheduling, risk mitigation, and collaboration to ensure a high-quality client experience.

### Job Quest, Co.lab

Product Design Apprenticeship

Remote  
Aug 2024 – Oct 2024

- Built an MVP web app with 3 engineers and a PM utilizing AI to simplify resume creation and interview prep for entry-level job seekers, providing step-by-step guidance to improve resumes and interview readiness.
- Coordinated with the PM to identify key pain points: users struggled to start or update resumes and prepare effectively for interviews; implemented a community feature to provide peer support, increase motivation, and reduce burnout.

### Seminaut Inc: Guild Gaming

Junior UX Designer

Remote  
Aug 2023 – Jun 2024

- Leveraged internship experience to design an AI-Enhanced Traditional post-event dashboard that replaced spreadsheets, democratized insights, and enabled organizers to evaluate event success quickly.
- Led discovery sessions with C-level stakeholders and developers to define project goals, clarify user needs, and align on design strategy for a mobile website redesign.

UX Design Intern

Remote  
Jun 2023 – Aug 2023

- Designed a post-event analytical dashboard to help event organizers evaluate the success of their events.
- Spearheaded interviews with tournament organizers and collaborated cross-functionally to prioritize user needs and technical feasibility through a research-driven matrix.

### Baseball Little League, Purdue University Sponsored Project

Product Designer | Team Collaborator

West Lafayette, IN  
January 2022 - May 2022

- Partnered with UX designers to reduce parents' churn in the League by designing an announcement feature that improved coach-to-parent communication, ensuring **26.6%** of parents no longer showed up to canceled league events.
- Instrumental in creating an emergency contact onboarding flow, addressing parents' safety concerns when they are unable to pick up their children.
- Championed stakeholder communications to clarify expectations and address the cause of League churn.
